

Toronto Law Website Design

Parador Interactive Inc. is a new media development firm, specializing in professional web design for corporate clients. Established in 1996, we are based in Toronto with a broad, high profile client base including a focus on legal, real-estate and financial investment firms.

Our mission is to transform your corporate communications and marketing goals into an online reality. We design leading edge web solutions that reflect your image with impact and style.

Steady growth has assured our clients consistent and personalized attention to detail, which continues to be our utmost priority.

Parador Interactive Inc is a privately held corporation located in Toronto, Ontario, staffed by seven (7) talented web professionals and supported by a network of strategic partners.

Our Vision:

- To excel in providing leading edge internet solutions that best fit our clients needs
- To develop and foster long-term client relationships that will mature into strategic partnerships
- To maintain sustainable growth without compromising our personalized client relationships
- To develop strategic alliances with world-class internet solution providers
